## WELCOME TO THE DOG RIVER RECREATIONAL COMPLEX

7070 HWY. 166  
DOUGLASVILLE, GA 30135

The Dog River Reservoir is a 256-acre lake that is the source of all drinking water in Douglas County. The Reservoir also provides exclusive recreational opportunities to Douglas County residents, nonresident business owners, and their guests. Because the Reservoir serves a dual purpose supplying drinking water and recreational activities, regulations have been established to protect water quality at its source and to ensure the safety of complex users. Please observe the regulations on the reverse side and enjoy fishing, picnicking at the pavilion, boating, and taking in the beautiful scenery.

The Reservoir may only be used by those residents, nonresident business owners, and their guests who have paid the appropriate fees and/or secured the proper permits outlined in the rules and regulations. Resident access to the Reservoir can be made only at the entrance gates located off Georgia Hwy. 166. Issued passes must remain with residents at all times.
